POLITECNICO DI MILANO

Milan, november 22th 2018

Arch. Vladimir Grigoryev  
Chairman of the Committee  
Chief Architect of Saint Petersburg (RU)

Dear Mr. Grigoriev,

On behalf of Politecnico di Milano, let me express my gratitude that in your busy schedule, you have found time to come to Milan, and for such an interesting lecture which has raised great interest and has brought many of our students to come.

I had received several positive feedbacks from my colleagues that means the lecture we were given was really great.

We would be glad to collaborate in the future, as the bond between Milan and St. Petersburg fruitfully influences the educational process of our students."

Prof. Marco Lucchini
